Dear Charlie Beardmore & Patrick Gush

Thank you for your recent donation, please accept this letter as our acknowledgement of receipt for the £5,000 grant received on the 31<sup>st</sup> July 2024, proposed by Charlie and Immie Gush, in memory of David Hylands. The grant will be spent on patient care in our in-patient unit or our community teams giving care in the community to people in their own homes.

Specialist care is provided for any illness that is considered life-limiting - including cancer, neurological diseases, chronic heart, lung, and renal diseases, in the in-patient unit and patient's home environments, with services tailored to meet the individual's needs including support, information, guidance on symptom and pain control. Patients are assisted to live as actively as possible from the point of diagnosis to the end of their life, by providing physical and emotional care.

We deeply appreciate your support of the Hospice and hope that it is of some comfort to know that the grants you are awarding will enable us to continue providing the loving care and support to local people and their families.

It costs over £21,271 every day to provide the care to our local community across mid Essex. We are part funded by the NHS but still need the support of our community to help raise vital funds to enable us to continue providing care completely free of charge to those who need it.

Thank you once again for your kind support it is very much appreciated.

Yours sincerely
