Dear Trustees,

Thank you for your donation.

As Chief Executive of The Urology Foundation I am writing to thank you for the incredibly generous donation of £25,000 which we recently received towards research into urological cancers. This wonderful donation includes £5,000 for the Chris Howell Urological Cancer Research Award which is jointly funded with The Urology Foundation and £10,000 for the Small Projects Research Initiative which is jointly funded with The Urology Foundation.

We are so very grateful to everyone involved at Penguins Against Cancer for their continued support and commitment and in particular to Trustees, Ben Challacombe and Charlie Beardmore for proposing this donation and to Lord Kirkham for his generosity.

Sadly, over 78,000 people in the UK are diagnosed with a urological cancer - prostate, kidney, bladder and male reproductive system - every year. This equates to over 200 males diagnosed every day. A diagnosis of cancer can result in many physical and emotional changes and impact quality of life. This wonderful donation will help us in our continued mission to better understand, prevent, treat and cure urological cancers and support further pioneering initiatives and innovations to help improve patient outcomes and quality of life.

Thank you once again for your generous and continued support of our research into urological cancers.

Rebecca Porta
