Dear Charlie and all your fellow Penguins

Thank you so much for your support! Your donation of £5,000 raised from your cycle around Jersey & Guernsey makes a huge difference to islanders needing our care. These funds will be used towards the care and support Hospice provides in both the community (homes, hospital, and care homes), and the In Patient Unit.

Over the past year, we've supported nearly 900 patients and their families and, with a population that's ageing, we're continuing to see increasing demand for our services. Whether that's on site in our In-Patient Unit, in the community looking after patients at home, helping families with our bereavement counselling support, or through our range of other services.

As always, that support is given free of charge to patients, despite the costs that come with providing such high-quality care. This is why we couldn't do what we do without your generosity.

The wife of a recent patient said:

"My family and I just wanted you to know how much we appreciated everything that everyone did for us during the last two weeks of David's life. David was given the most tender loving care and was kept comfortable and pain free, which is all he ever wanted, and we are immensely grateful to all of you."

So, thank you again for your donation – your kindness is the reason we can care.

Yours sincerely,

Cheri Strudwick
Director of Income Generation and Marketing
