24 September 2024

Dear Mr Beardmore, Mr Gush and all at Penguins Against Cancer,

Thank you from Sarcoma UK

On behalf of all of us at Sarcoma UK, I would like to thank you for your generous donation of £5,000 in memory of Sian Thomason, which we received on the 11th of September 2024. We would like to thank Geraint Thomason and Alan Mistlin for proposing this grant and choosing to remember Sian in such a thoughtful and powerful way.

We are so grateful for everyone's continued support, commitment, and generosity at Penguins Against Cancer. We are all truly inspired by your work, fundraising efforts and all that you do to change the lives of people affected by cancer. You all come together in such wonderful ways to raise funds and it has been amazing to read about it all on your website.

Your donations will enable us to continue funding research into new treatments for sarcoma cancer. Sadly, 5300 people in the UK are diagnosed with sarcoma every year. Sarcoma is a less common cancer, often overlooked and underfunded. Very few treatments have been developed for sarcoma and we urgently need to change outcomes for patients.

Through our research programme, we support the strongest scientific ideas and minds to make diagnosis more accurate, make new and better treatments, and improve outcomes for sarcoma patients. Since 2009, we've committed more than £8 million to 98 research projects, thanks to the generosity of supporters like you.

Thank you again for choosing to support our charity. Together, we can transform the lives of everyone affected by sarcoma.

Yours sincerely,

Greis Kula
Trusts, Foundations and Corporate Officer
